ABOUT US

REGISTERED NON PROFIT ORGANISATION

SHIVIR stands for Self Help Initiatives for Vocational Inputs and Rehabilitation. Established as a public charitable trust, we empower women through upskilling and augmenting livelihoods. We help build a better future for our beneficiaries and their families,

We seek to empower women through focused vocational training and skill-building that fosters self-reliance and financial stability.

We do this by creating an inclusive, supportive ecosystem grounded in ethics, empathy, and respect—ensuring self confidence that addresses both economic and emotional well-being.

SHIVIR GIFTS AND GOODIES COLLECTION 2026

Swag with purpose

Products in our Collection are handcrafted by women beneficiaries from diverse communities across India, each piece carrying the story of resilience, tradition, and skill.

The proceeds from your purchase go directly towards training, upskilling, and the welfare of women artisans and their families, helping them build sustainable livelihoods and brighter futures. These are not mass-produced items—they are limited, handmade creations, crafted with care, time, and heritage techniques. The price you pay reflects not just the product, but the dignity of labor, the preservation of craft, and the empowerment of women who make them.

All sales proceeds go to fund our ongoing projects SWAVALAMB
and SASHAKT
